

Why it is Wood?

How can that building be fireproof? It is made so by a fire insurance policy. Our policies will cover you for any amount and our premium rates are pretty reasonable.

Fire

is liable to destroy your building at any time. Why not provide for such an emergency? When it does come you can erect a new building with the money paid over to you, in accordance with the terms of the policy. You then receive the benefits of fire insurance. Why delay any longer? Call on us for full particulars as to policies, premiums, etc.
